

Welcome! You are being invited to participate in a research study conducted by

The purpose of this research is to **know about the ways in which people would perceive and experience the outcomes of automated decision-making processes and whether and how they would like to challenge these decisions**. The study involves an **online interview that will take approximately 1 hour to complete**. You may decide to put your camera off during the interview. **You will be compensated EUR 25 or equivalent through an Amazon voucher***.

This **survey** aims at collecting some preliminary information about your **experience with AI and knowing about your availability for an interview**. It will take approximately 1 minute to complete.

By clicking "Accept" you state that you read and agree with this opening statement. You can contact the research team at any time by sending an email to
