You are invited to participate in a research study entitled "Acceptance of ChatGPT". The study is being conducted by Prof.dr.ir. Joost de Winter, Dr.ir. Yke Bauke Eisma, and Dr. Dimitra Dodou, Delft University of Technology, The Netherlands, d.dodou@tudelft.nl.

The aim of this study is to investigate how people feel about ChatGPT. You will be asked to complete a questionnaire with your views on and use of ChatGPT. You will also answer several questions regarding your personality, feelings of loneliness, and screen time. There is no right or wrong answer.

You are free to contact the investigators at the above email address to ask questions about the study. In case you participated in a previous survey of the present researchers on ChatGPT, your responses may be combined with the previous survey. The questionnaire will take approximately 12 minutes of your time.

The information collected through this survey is anonymous. You will not be personally identifiable in any research papers arising from this study, in data files shared with other researchers, or in open data repositories.

The research has been approved by the Delft University of Technology Human Research Ethics Committee.
